EXPERIENCE

Freelance Work

Vasu Interio (Interior Design Solutions)

Jul 2025 – Aug 2025

[Link](#)

- Developed a comprehensive interior design website using React.js with Hooks and modern functional components, TypeScript, featuring modern UI/UX with Tailwind CSS and responsive design across all devices.
- Implemented advanced product filtering and search functionality with real-time suggestions, category-based navigation and dynamic sorting options for enhanced user experience.
- Integrated EmailJS for seamless contact form functionality and customer inquiries, enabling direct client communication without backend infrastructure.

Indowel (Hardware Agency)

Sep 2025 – Oct 2025

[Link](#)

- Developed a responsive website using React, Tailwind CSS, Framer Motion, ensuring smooth animations and a consistent performance across all devices.
- Built a dynamic, SEO-optimized product catalog that allows effortless product updates without code changes.
- Executed a validated contact form with EmailJS integration and reusable components, improving user trust, communication flow, and site maintainability.

Dashmesh Agriculture (Agricultural Equipment)

Nov 2025 – Dec 2025

[Link](#)

- Developed a complete responsive website using React, TypeScript, featuring product showcases, testimonials and contact functionality.
- Created a polished user experience with Framer Motion animations, smooth transitions and an interactive product carousel.
- Applied EmailJS for contact form submissions and improved lighthouse performance score from 65 to 92 and reduced page load time by 38% using Vite for fast builds and loading times, ensuring quick and seamless user interactions.
